Some people have suggested that the law should be changed so that a union can only go on strike if over 50% of its members back the strike, rather than 50% of those voting. Would you support or oppose this change?

Some people have called for schools to move back to more traditional teaching methods. Thinking about this which of the following best reflects your view?

It is right to move to more traditional teaching, it is important that schools give children the basic knowledge on things like the Kings and Queens of Britain, reciting poetry and memorising times tables	41	58	34	36	59	34	31	41	42	11	38	43	55	39	44	38	43	38	46	33	43	43

Last weekend it was reported that Tony Blair had earned up to \$1 million for three hours work helping negotiate one of the world's biggest business deals. What is you feeling about this?

It is totally wrong that he is using his past position to earn large amounts of money
 He has the right to earn some money, but this amount of money is too much
 Good for him – he worked very hard as PM for ten years and has every right to make money now
