1. Interest in news and public affairs

Some people seem to follow what's going on in government and public affairs most of the time, whether there's an election going on or not. Others aren't that interested. Would you say you follow what's going on in government and public affairs...?

	Total	Age				Race			Gender		Education

The Economist/YouGov Poll

November 16-18, 2013

15. Allow others to buy standard coverage

Who should be able to buy health insurance plans that do not currently meet the standards of the new health care law, anyone, only those who currently have one of those policies, or no one?

	Total	Age				Race			Gender		Education

42. Federal aid to American communities affected by natural disasters

What is your opinion on providing federal aid to American communities affected by major natural disasters, such as Hurricane Katrina or Superstorm Sandy? (A) The federal government should provide aid, regardless of the impact on the federal budget; (B) Any aid to affected communities should be offset by government spending cuts in other areas of the budget; (C) The federal government should not provide any aid to affected communities; (D) Not sure

The Economist/YouGov Poll

November 16-18, 2013

Sponsorship	<i>The Economist</i>
Fieldwork	YouGov
Interviewing Dates	November 16-18, 2013
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by age, gender, race, education, and region) was selected from the 2010 American Community Study. Voter registration was imputed from the November 2010 Current Population Survey Registration and Voting Supplement. Religion, political interest, minor party identification, and non-placement on an ideology scale, were imputed from the 2008 Pew Religion in American Life Survey.
Weighting	The sample was weighted using propensity scores based on age, gender, race, education, news interest, voter registration, and non-placement on an ideology scale. The weights range from 0.3 to 7.1, with a mean of one and a standard deviation of 1.09.
Number of respondents	1000
Margin of error	± 4.6% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	21 questions not reported.
