The Economist/YouGov Poll

March 3-6, 2012

44. Romney vs. Gingrich two-way race, imputed

Romney vs. Gingrich two-way race, imputed

Asked of eligible voters who usually vote in Republican primary elections. Respondents who did not name Romney or Gingrich as their preferred Republican nominee were asked whom they would want to be the Republican nominee if Romney or Gingrich were the only two available options. The first choice and Romney-Gingrich hypothetical questions were combined to create this measure.

64. Knowledge of Santorum's position on birth control

Which one of the following statements is closest to Republican presidential candidate Rick Santorum's position on birth control? (A) I'm fine with it within a marriage but not outside of the husband-wife relationship because it encourages premarital sex.; (B) It's not okay because it's a license to do things in the sexual realm that is counter to how things are supposed to be.; (C) Contraception. It's working just fine. Just leave it alone.; (D) Have not heard yet about Santorum's position on birth control

The Economist/YouGov Poll

March 3-6, 2012

Sponsorship	<i>The Economist</i>
Fieldwork	YouGov
Interviewing Dates	March 3-6, 2012
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's PollingPoint panel using sample matching. A random sample (stratified by age, gender, race, education, and region) was selected from the 2005–2007 American Community Study. Voter registration, turnout, religion, news interest, minor party identification, and non-placement on an ideology scale, were imputed from the 2008 Current Population Survey Registration and Voting Supplement and the Pew Religion in American Life Survey. Matching respondents were selected from the PollingPoint panel, an opt-in Internet panel.
Weighting	The sample was weighted using propensity scores based on age, gender, race, education, news interest, voter registration, and non-placement on an ideology scale. The weights range from 0.3 to 7, with a mean of one and a standard deviation of 0.79.
Number of respondents	1000
Margin of error	± 4% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	27 questions not reported.
