42. U.S. government control over economy compared to rest of world

In some countries, the economy is completely controlled by the government. In other countries, the economy operates with almost no government interference.

Other countries are in between. How would you describe the U.S. economy?

Fieldwork	YouGov
Interviewing Dates	October 8-11, 2011
Target population	U.S. citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's PollingPoint panel using sample matching. A random sample (stratified by age, gender, race, education, and region) was selected from the 2005–2007 American Community Study. Voter registration, turnout, religion, news interest, minor party identification, and non-placement on an ideology scale, were imputed from the 2008 Current Population Survey Registration and Voting Supplement and the Pew Religion in American Life Survey. Matching respondents were selected from the PollingPoint panel, an opt-in Internet panel.
Weighting	The sample was weighted using propensity scores based on age, gender, race, education, news interest, voter registration, and non-placement on an ideology scale. The weights range from 0.5 to 5.3, with a mean of one and a standard deviation of 0.76.
Number of respondents	1000
Margin of error	± 3.9% (adjusted for weighting)
