## 11. Opinion on payroll tax rate

On March 1, 2012, the payroll tax rate, set at 4.2% for the last year, will revert to 6.2% unless Congress votes to extend it. Members of Congress are considering whether to extend or even expand the payroll tax cut. Do you think the payroll tax rate should be higher or lower than the current 4.2%, or should it be kept at the same rate as it is now?

**74. Support for mortgage lawsuit settlement**

President Obama announced a \$25 billion dollar settlement under which major mortgage banks agree to pay to help some homeowners reduce what they owe on their mortgage, to help others refinance their mortgage at a lower rate, and to offer reimbursements of up to \$2000 on some who have had their homes foreclosed.

Do you support or oppose this settlement?
